

VM TWO CLIP

The VM Two Clip display frame is one of highlights of the Vitrine Media UK range and is available in A4 and A3 sizes in portrait or landscape orientation. Featuring a black border with curved corners, this simple frame design creates a smart and modern look. With LED illumination delivering 5000 Lux, it is one of the most luminous lightboxes available.

KEY FEATURES

MODERN DESIGN

A black frame creates a contemporary look

HIDDEN FIXINGS

Easily clip frame onto our range of display solutions

HIGH LUMINOSITY

Delivering 5000 Lux, this is a highly luminous lightbox

DISPLAY VERSATILITY

A range of installation solutions to suit each situation

DETAIL

Hidden clips on the reverse of this single-sided LED poster frame allow the frame to be easily clipped on to a wide variety of our display solutions including VM Wall and VM Box. Using VM Wall, multiple VM Two Clip frames can be displayed together in horizontal or vertical rows with power travelling through the rods of the structure. In a vertical VM Wall installation, there is an additional option to tilt A4 sized frames to a preferred viewing angle.

VM Box works in a similar way and again enables a number of VM Two Clip frames to be arranged together on this unique freestanding display solution. Here, frames can be mixed together by simply clipping and unclipping them onto the rods of the VM Box with displays including A4 portrait and landscape and A3 portrait.
