

VM MOBILE STAND

Our freestanding display stand is ideal for events, exhibitions, presentations and anywhere else you need to advertise your business on the move. Taking up little space, the stand can power multiple I Max frames which screw on and off the system easily.

KEY FEATURES

MULTIPLE DISPLAY COMBINATIONS

VM Mobile Stand can be used with our A4 I Max frames in portrait and landscape orientations or A3 I Max frames in a portrait orientation. Combinations of frame formats and orientations are possible and frames can be mounted to the straight or angled elevation of the stand.

LIGHTWEIGHT AND EASY TO ASSEMBLE

Ideal for advertising on the go, VM Mobile Stand is compact and portable. Once screwed to the stand, frames illuminate to make this system a neat and stylish mobile display solution.
